

Hailstone Facilities

■ **Boat Launching Ramp** - You will find both an 8-lane 110 foot wide marina ramp and separate smaller ramp for personalized watercraft.

■ **Marina** - The Hailstone Marina will initially consist of 76 slips with utility services available to the docks.

■ **Food Services and Grocery Store** - At the Hailstone Marina, concession operations will offer the services of a general store and an enclosed sitdown eating facility. Outdoor seating and eating accommodations will also be available so you can enjoy the boating activities of the marina.

■ **Ranger Station** - At the ranger station, you can receive information about the park, obtain the necessary use permits, and receive professional assistance during your stay.

■ **Information Center** - The Hailstone Visitor Center will be the main information center for the park. Literature and brochures pertaining to a variety of

State, Federal, and local recreational opportunities can be obtained here. A theater inside the center will provide visitors with a number of different programs.

■ **Amphitheater** - This outdoor facility will be used extensively throughout the summer months for programs such as ranger talks, musical presentations, and film and slide shows.

■ **Picnic Area** - 40 individual picnic shelters will be provided complete with tables and outdoor grills. These facilities will be close to other day-use activities such as the swim beach.

■ **Trailer Sites** - 100 full hook-up campsites will be available for overnight camping. The camp loops have been designed to accommodate small groups or camping clubs and organizations.

■ **Campgrounds** - There will be 60 individual family camping units, 40 close walk-in campsites, and more primitive hike-in sites found on Crandall Point. In total, Hailstone will offer over 100 indi-

vidual campsites most of which will provide a tent pad area, table, grill, and fire ring.

■ **Sanitary Station** - A modern trailer sanitary station will be available for disposing waste from holding tanks.

■ **Playground** - Three playgrounds will be developed to allow smaller children to enjoy their stay at Jordanelle State Park while others fish, water ski, or hike along the park trails.

■ **Group Picnic Shelters** - Three large pavilions are planned for Hailstone to accommodate families and larger groups. These lighted facilities will contain grills for outdoor cooking.

■ **Restrooms and Showers** - Hailstone will have no less than eight modern restroom facilities strategically placed throughout the park in addition to the restroom accommodations within the Visitor Center, Camp Service Centers, and concession areas. Hot showers will be available in most of these facilities.

■ **Parking** - Ample parking has been provided. The main parking area at the marina alone will be able to accommodate 300 vehicle-trailer combinations.

■ **Hiking Trail** - Part of the overall development of Jordanelle State Park includes a 17 to 27 mile non-motorized trail system encircling the reservoir. This trail will be used for summer and winter activities.

■ **Ranger Lodging** - Personnel at two on-site ranger residents will be able to respond to situations after hours to better serve visitors.

■ **Swimming Area** - A formal developed "beach" site is planned with safe swim locations and a sandy sun bathing area. This area will be serviced by a concession operation offering limited food items, play equipment rentals, and much more.

■ **Fishing and Motor Boating** - The 3,000 foot surface acre Jordanelle Reservoir will provide excellent fishing and boating opportunities.
